The Department of Pediatrics, Division of Hematology-Oncology at the Massachusetts General Hospital (MGH) and MassGeneral Hospital for Children (MGHfC) is seeking a candidate for a full-time faculty position to join a multidisciplinary brain tumor team of researchers and clinicians. The successful candidate will have earned an M.D. or M.D./Ph.D. or equivalent and be BC/BE in Pediatric Hematology and Oncology.

Applicant should have completed a fellowship in pediatric neuro-oncology and have strong skills in clinical patient care and teaching, and an interest in clinical/translational research.

Academic appointment at Harvard Medical School at the level of Assistant or Associate Professor will be commensurate with experience, qualifications, and achievements.

Pediatric Hematology-Oncology at MGH seeks candidates whose experience, teaching, research and community service have prepared them to contribute to our commitment to excellence and diversity. Collaboration with other pediatric subspecialists provides an enriching clinical, academic and research experience.

Interested candidates should submit a curriculum vitae and a one-page narrative of clinical, teaching and research interests to:

Howard J. Weinstein, M.D
Chief, Pediatric Hematology-Oncology
MassGeneral Hospital for Children
55 Fruit St. – Yawkey 8B
Boston, MA 02114

We are an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, gender identity, sexual orientation, pregnancy and pregnancy-related conditions or any other characteristic protected by law.
