Division of General Pediatrics, Boston Children’s Hospital
Position Available

The Complex Care Service (CCS) is seeking a BC/BE pediatrician to provide comprehensive, coordinated care across the continuum to children with medical complexity. Health services offered by Complex Care Service include longitudinal, outpatient care management, perioperative care, telehealth, multi-disciplinary care, home care, and inpatient, hospitalist care. Children cared for by CCS generally have multiple organ systems actively involved, are often assisted with indwelling medical devices, and rely on multiple medications and specialists for their care. They are high utilizers of health care services and their families have a high need for support. Experience working with children with medical complexity is desirable. A passion to work with this population of children and their families is essential. This position will provide teaching, clinical research opportunities and mentorship. There is also potential for leadership and active participation in the development of integrated systems of care. Fellowship training and/or prior experience is preferred.

Salary and benefits are competitive.

Boston Children’s Hospital is a teaching hospital of Harvard Medical School and the pediatric staff will obtain an academic appointment at the level of Instructor, Assistant or Associate.

Applicants should submit a curriculum vitae and letter of interest addressed to:

Jay G. Berry, M.D., M.P.H.
Chief, Complex Care
Division of General Pediatrics
Boston Children’s Hospital
Associate Professor of Pediatrics
Harvard Medical School
857-218-3594
