PATHOLOGIST
BRIGHAM AND WOMEN'S FAULKNER HOSPITAL

Brigham and Women's Faulkner Hospital (BWFH) is seeking a board-certified pathologist to serve at BWFH, a 171-bed, non-profit community teaching hospital located in Jamaica Plain (Boston), MA that is part of the Mass General Brigham system and offers complete medical, surgical, and psychiatric care, as well as a full complement of diagnostic services. BWFH - now entering its second century of service - is a key component of the Mass General Brigham (MGB) healthcare system that is charged with delivering high quality community-responsive medical services.

The BWFH Department of Pathology accessioned approximately 14,000 surgical pathology cases (predominantly breast, gynecologic, genitourinary, and gastrointestinal) and performs approximately 675,000 laboratory tests annually. We are seeking a candidate who shares our vision of excellence in clinical service, teaching and research. The successful candidate must be board certified in AP and CP and have established skills in both areas, while possessing the ability to provide direct oversight of the Clinical Laboratories, a role that is expected to account for about one third of overall effort. The successful candidate must also have the leadership skills needed to motivate staff to ensure that Pathology services meet hospital goals and objectives, especially in the areas of quality and patient safety. Their remaining time and effort will be devoted to the provision of high-quality diagnostic service in anatomic pathology. The position is associated with a faculty appointment at Harvard Medical School at an academic rank of Instructor or Assistant/Associate Professor, commensurate with experience and accomplishments.

We are an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, gender identity, sexual orientation, pregnancy and pregnancy-related conditions or any other characteristic protected by law.

Please send curriculum vitae and names and addresses of three references to:
