McLean Hospital is a comprehensive psychiatric hospital committed to providing easy access to superior quality, cost-effective mental health services in the Boston area, Massachusetts and beyond. Since 1811, McLean Hospital has been a world leader in the treatment of mental illness and substance use disorders, research into the cause of mental illness and the training of generations of mental health care providers. McLean's multidisciplinary programs treat a broad range of psychiatric illnesses across the full continuum of care.

McLean Hospital is seeking to fill a full-time staff psychologist position in the Alcohol and Drug Treatment Clinic. Located on McLean Hospital’s main campus in Belmont, Massachusetts. The ADATP Clinic provides individual, couples and group psychotherapy services for adults who have substance use disorders. The ideal candidates will have training and experience in the assessment and treatment of posttraumatic stress disorder. Experience assessing for and treating substance use disorders using evidence-based assessments and interventions is preferred.

By meeting HMS teaching responsibilities, the candidate will be proposed for a concurrent academic appointment as an Instructor in Psychology in the Department of Psychiatry at Harvard Medical School.

Candidates must have a doctoral degree in Clinical or Counseling Psychology from an APA-accredited program, have completed an APA-accredited internship, and be licensed (or eligible for licensure) as a Psychologist HSP in the state of Massachusetts. Qualified individuals will have experience using assessment tools and treatment interventions for posttraumatic stress disorder and substance use disorders.

**General Summary:**

Provide time-limited evidence-based treatment for posttraumatic stress disorder and substance use disorders among adults. Collaborate and participate in peer consultation with a multidisciplinary team of addiction treatment providers and experts. Conduct diagnostic interviews and provide timely case conceptualization, patient feedback and treatment recommendations.

This person will have the responsibility to provide clinical services for assigned patients, as well as to participate in the activities of the Outpatient ADATP Clinic. This person may also have opportunities to participate in hospital community service, research and teaching as indicated by interests, training, and experience.

- Provides clinical services including individual and group psychotherapy.
- Documents in the record by the completion of treatment plans, patient encounter forms, appropriate progress notes, clinical summaries, and other documentation in accordance with hospital policies.
- Serves as liaison to other health care professionals including mental health practitioners, medication providers, OTC team members, and others.
- Participates in program and hospital administrative activities (e.g., staff meetings, peer
consultation, hospital committees, etc.)

- Maintains awareness of medicolegal/risk management issues.
- Participates in the hospital teaching and research efforts.

Qualifications:

- Candidates must have a Ph.D., Psy.D. or Ed.D. degree in psychology from an accredited school of psychology, licensure appropriate to clinical discipline, and be licensed in the Commonwealth of Massachusetts.

- All employees must possess basic computer skills to use a variety of electronic or online systems for communication, clinical and administrative purposes.

- Required to complete electronic medical records, training, and demonstrate 80% accuracy on competency test within 30 days of hire.

The position combines clinical care and teaching, with Harvard Medical School appointments. Salary and recruitment package in accordance with Hospital policies, and a Harvard Medical School appointment at the academic rank of Lecturer, Instructor or Assistant Professor will be commensurate with HMS appointment criteria, meeting the minimum teaching requirement, and candidate qualifications.

Applicants should submit a letter of interest and curriculum vitae along with the names and addresses of three references, to Diane Bedell, LICSW, Program Director, CEC, McLean Hospital, 115 Mill Street, Belmont, MA 02478 [email: dbedell@partners.org and rpsomclean@partners.org]

All McLean team members are expected to consistently demonstrate our values of integrity, compassion, respect, diversity, teamwork, excellence and innovation in their work activities and interactions.

We are an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, gender identity, sexual orientation, pregnancy and pregnancy-related conditions or any other characteristic protected by law.
