The Dana-Farber/Boston Children’s Cancer and Blood Disorders Center is seeking a pediatric hematologist/oncologist at the Assistant or Associate Professor level with specialization in the area of stem cell transplantation at Boston Children’s Hospital (BCH) and Dana-Farber Cancer Institute (DFCI). The appointee will become a faculty member in the Department of Pediatrics, Harvard Medical School, and join a superb faculty with strengths in all aspects of pediatric stem cell transplantation. Outstanding applicants will be exceptional clinician-investigators who have demonstrated experience in stem cell transplantation with a preference for those engaged in clinical care and research focused on acute and chronic GVHD, and/or survivorship/resiliency after stem cell transplantation and gene therapy.

Candidates must have an MD and/or MD, PhD degree and postdoctoral experience. Women and members of under-represented minorities are encouraged to apply. Salary offered will be consistent with fair market rate and commensurate with experience.

The Dana-Farber/Boston Children’s Cancer and Blood Disorders Center has a faculty numbering more than 120, with exceptional research and clinical programs in non-malignant hematology, hematologic malignancies, solid tumors, stem cell transplant, experimental therapeutics, gene therapy, vascular anomalies and neuro-oncology.

The position will be based at the Dana-Farber Cancer Institute (an NCI-designated Comprehensive Cancer Center).

Interested candidates should submit a curriculum vitae, a statement of interest, and three letters of recommendation to:

Scott A. Armstrong, M.D., Ph.D.
Chair, Department of Pediatric Oncology Dana Farber Cancer Institute

David A. Williams, M.D.
Chief, Division of Hematology/Oncology, Boston Children’s Hospital

Leslie Kean, M.D.
Director, Stem Cell Transplant Program
Dana-Farber/Boston Children’s Cancer and Blood Disorders Center

c/o Tara Iovanna, Department Administrator
Dana-Farber Cancer Institute, 450 Brookline Avenue, Boston, MA 02215
