Associate Director, Asthma Research Center - Brigham & Women’s Hospital, Harvard Medical School
Physician Scientist in Pulmonary & Critical Care Medicine

The Asthma Research Center at BWH is an internationally recognized research center that conducts federal and privately funded clinical and translational research. The center has philanthropic endowment and operational resources in addition to funding from its research. We seek a physician-investigator to be appointed as Associate Director. The successful candidate will have a track-record of experience and/or funding in asthma clinical and/or translational science, with experience in clinical trials required. They will assist in the research and administrative operations of the Center including educating and supervising fellows, PA’s, and staff. Clinical responsibilities include outpatient care of patients with severe asthma and teaching of trainees. Academic rank as an Assistant/Associate Professor at Harvard Medical School will be commensurate with experience and qualifications. Applicants must possess an M.D. and board certification in Pulmonary Disease.

Please send letter of interest and curriculum vitae to: Bruce D. Levy, M.D., Chief, Pulmonary & Critical Care Medicine, Brigham and Women’s Hospital, 75 Francis Street, Boston, MA 02115. blevy@bwh.harvard.edu; 617-525-5407.

We are an equal opportunity employer, and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability status, protected veteran status, pregnancy and pregnancy-related conditions or any other characteristic protected by law. Women and minority candidates are particularly encouraged to apply.
