

JOB POSTING – PSYCHOLOGIST/CONSULTANT – MANVILLE SCHOOL

The Manville School at The Baker Center for Children and Families has an exciting **PhD/PsyD School, Clinical or Counseling Psychologist opportunity!**

Reporting to the Clinical Director, the psychologist will provide high quality mental health treatments to a culturally diverse population of children from kindergarten through 10th grade, utilizing evidence-based practice (EBP). The psychologist will function as the internal case manager and team-leader for their assigned students and will actively participate in all Individualized Education Plan (IEP) Meetings.

Responsibilities include weekly individual therapy and the delivery of an evidence based social emotional curriculum. The psychologist will also be required to complete all clinical documentation, conduct diagnostic and psychoeducational assessments, provide consultation and crisis intervention as needed, and coordinate care with families, community-based providers, government agencies, and other collaterals, as appropriate.

There will also be opportunities to provide direct supervision for doctoral level practicum students and to participate in The Baker Center’s training committee, which includes supervision of doctoral students participating in our APA internship program. Qualified candidates for this position will also have the opportunity to engage in external consultation projects to support partnerships with other schools and districts.

QUALIFICATIONS

Licensed Psychologist and Health Service Provider in good standing in Massachusetts or interest in transferring out-of-state licensure; Candidates with their doctorate in School, Clinical or Counseling Psychologist who are in the process of obtaining licensure will also be considered

3 years of experience within a fast-paced environment, and exposure to school, inpatient and residential settings, preferred

A commitment to culturally responsive care

Experience or familiarity with evidence-based practices (CBT and/or DBT are especially beneficial)

Clinical supervision experience of psychology practicum and doctoral level psychology interns preferred

Ability to analyze and utilize outcomes from data, and excellent written and verbal communication skills

Computer proficiency, including knowledge of Microsoft Word

ABOUT THE MANVILLE SCHOOL

The Manville School, a program of the Baker Center for Children and Families, is a therapeutic day school providing special education, clinical, and behavioral support for students in kindergarten through tenth grade with complex social-emotional, behavioral, and learning needs. Students are referred from over 50 school districts in the greater Boston area. All students have an active IEP and qualify for special education services through their school system. Manville integrates comprehensive, evidence-based clinical services, innovative educational programming, and tiered behavioral supports to ensure students with challenging needs experience social-emotional development and academic success.

Manville believes that all members, including students, staff, and caregivers have a right to feel safe, seen, and respected. Manville values all identities and a community of belonging for all!
