

## COLON AND RECTAL SURGEON

The Division of Colon and Rectal Surgery at the Beth Israel Deaconess Medical Center is seeking applicants for a full-time mid-level faculty position. Qualified candidates should have completed training in general surgery and colon and rectal surgery and be board certified/board eligible. The successful candidate will have demonstrated strong clinical capabilities in the surgical care of patients with diseases of the colon and rectum. The candidate will integrate into a busy practice dedicated to colon and rectal surgery. Responsibilities will include teaching, clinical and/or basic research as well as patient care. A track record of academic productivity is required as the candidate will be involved actively in the research and academic mission of the division. The successful candidate for this position may be considered for Harvard Medical School appointment as Instructor, Assistant Professor or Associate Professor, commensurate with experience and achievements.

BIDMC, a 672-bed hospital and Level 1 Trauma Center, is renowned for excellence in patient care, biomedical research, teaching and community service. Located in the heart of Boston's Longwood Medical and Academic Area, it hosts more than three quarters of a million patient visits annually in and around Boston. The medical center is clinically affiliated with Joslin Diabetes Center and is a founding member of the Dana-Farber/Harvard Cancer Center.

Beth Israel Deaconess Medical Center is part of Beth Israel Lahey Health, a new health care system of academic medical centers and teaching hospitals, community and specialty hospitals with more than 4,000 physicians and 35,000 employees in a shared mission to expand access to great care and advance the science and practice of medicine through groundbreaking research and education.

We are an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, gender identity, sexual orientation, pregnancy and pregnancy-related conditions or any other characteristic protected by law. Women and underrepresented minorities are particularly encouraged to apply. Applications are made online at:
