

FACULTY POSITION
Clinical Geneticist or Clinical Chief
Division of Genetics
Brigham and Women's Hospital

The Division of Genetics at Brigham and Women's Hospital is seeking outstanding physicians or physician-scientists in Clinical Genetics. Appointment at an appropriate academic rank of Instructor, Assistant or Associate Professor at Harvard Medical School and as Physician or Clinical Chief, Genetics at Brigham and Women's Hospital will be commensurate with experience, training, and achievements. For more information about the BWH Genetics Division:

Applicants for this position should have expertise in facilitating the translation of contemporary human genetic and genomic analyses into clinical practice. Demonstrated excellence in the application of DNA sequence-based information to diagnosis, counseling, and/or treatment is highly desirable. The successful applicant will help direct an emerging effort in genomic medicine that will be enhanced by a superb local community of geneticists and academic physicians. Applicants should possess an M.D. or M.D.-Ph.D. with relevant training in the genetic basis of adult human disease. Licensure in Medicine, Pediatrics, Neurology, or Ob/Gyn is necessary, and training in Clinical Genetics or in a medical subspecialty is strongly preferred. The successful candidate will also engage in teaching medical students, fellows in the clinic and research fellows. Interested applicants should e-mail or mail a CV, description of research interests, and the names of 3 references to: **pacole@bwh.harvard.edu**

Philip A. Cole, M.D., Ph.D.
Professor and Interim Chief
Division of Genetics
Brigham and Women's Hospital
New Research Bldg., Rm NRB 1
77 Avenue Louis Pasteur
Boston, MA 02115

We are an equal opportunity employer, and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, gender identity, sexual orientation, pregnancy and pregnancy-related conditions or any other characteristic protected by law. Women and minority candidates are particularly encouraged to apply.
