The Program in Cellular and Molecular Medicine (PCMM) and Department of Pediatrics at Boston Children’s Hospital invites applications for a faculty position at the rank of Professor of the Harvard Medical School, to be nominated as the incumbent of the George D. Yancopoulos Endowed Professorship in Honor of Frederick W. Alt (to become the Yancopoulos and Alt Professorship upon Dr. Alt’s retirement). The ideal candidate is expected to be an internationally renowned scientist with an upward trajectory in their career stage. While the search is not focused on a specific research area or approach, the candidate should be well-known as collegial and collaborative and to have research interests that complement those of PCMM investigators and those in the BCH Department of Pediatrics and departments at Harvard Medical School. Finally, the candidate is expected to have a strong record and interest with respect to mentoring and training, and to have outstanding skills and interest in the teaching of subjects related to their field of expertise.

We offer a vibrant research community, with many opportunities for interactions within the broader Harvard and Longwood Medical Area community. PCMM currently has 15 investigators, with five members of National Academy of Sciences, five members of the American Academy of Arts and Sciences, three Howard Hughes Medical Institute Investigators, and two members of the National Academy of Medicine. The successful candidate will direct an independent innovative research program. This appointment will be accompanied by a highly competitive package that includes ample laboratory and office space and access to cutting-edge facilities.

To apply please provide a one page cover letter addressed to Prof. Hao Wu, Chair, Search Committee together with curriculum vitae and NIH (or equivalent) biosketch to:

Hao Wu, Chair, PCMM/HMS Search Committee
Wu_lab@childrens.harvard.edu

Applications must be received by March 31, 2022.

For questions or support with submitting your application, please contact:
