Academic Pulmonary Hypertension Cardiologist—Division of Cardiovascular Medicine, Department of Medicine, Brigham and Women’s Hospital

The Brigham and Women’s Hospital Division of Cardiovascular Medicine seeks an academic pulmonary hypertension cardiologist. Appointment as Instructor, Assistant Professor, or Associate Professor at Harvard Medical School will be commensurate with experience, training, and achievements, in addition to teaching activities. The ability to perform cardiac catheterization in patients with suspected pulmonary hypertension or with unexplained dyspnea will be advantageous. Clinical scholarship and innovation will be required. He or she will teach and supervise medical students, residents, and cardiology fellows. Research and leadership opportunities are available depending on experience and interest. Evidence of scholarship is required. The cardiology faculty member will be joining an exciting and growing collaborative program with Pulmonary and Critical Care Medicine colleagues.

Applicants must be board certified in Internal Medicine and Cardiovascular Diseases. Please send curriculum vitae and a personal statement to: Alexandra M. DiTommaso, Division of Cardiovascular Medicine, Department of Medicine, Brigham and Women’s Hospital, 75 Francis Street, Boston, MA 02115, or via email to: aditommaso@bwh.harvard.edu.

We are an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability status, protected veteran status, pregnancy and pregnancy-related conditions, or any other characteristic protected by law. Women and minority candidates are particularly encouraged to apply.
