The MGH Departments of Medicine & Psychiatry have an outstanding attending opportunity in an outpatient substance use disorder clinic. The Bridge Clinic is a novel, transitional, drop-in outpatient clinic that cares for patients at all stages of addiction and works to find them long-term care in the community. As part of ongoing efforts to improve the delivery of care to patients with substance use disorders, these services treat some of the highest risk, most vulnerable patients at Mass General. This innovative approach to care incorporates the use of a multi-disciplinary and multi-practice service, with addiction medicine physicians from both psychiatry and internal medicine, along with advanced practice nurses, social workers, and recovery coaches. This role will be to provide expert addiction care to patients seen in the Bridge Clinic during daytime and evening hours. This will include making an assessment, determining a treatment plan, initiating maintenance pharmacotherapy, and evaluation and management of SUD-related complications. The position may include a faculty appointment at Harvard Medical School in Medicine or Psychiatry at the rank of Instructor or Assistant Professor. Candidates should be: board certified/board eligible in Medicine or Psychiatry, have MA license or be expected to apply for MA license, board certification in Addiction Medicine or Addiction Psychiatry is strongly encouraged, waived to prescribe buprenorphine (have a DEA X number), have experience with caring for patients with SUDs, and be dedicated to excellent clinical care and teaching. Interested individuals should apply to Elizabeth Powell (eapowell@partners.org). Part-time and full-time positions available.

We are an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, gender identity, sexual orientation, pregnancy and pregnancy-related conditions or any other characteristic protected by law. Minorities and women are strongly urged to apply.
