The Department of Neurology at Brigham and Women’s Hospital is seeking a scientist or physician-scientist with a track record of research accomplishments in motor neuron disease, polyneuropathy, neuromuscular junction disorders, or myopathies. Hospital employment and academic title of Instructor, Assistant Professor or Associate Professor at Harvard Medical School (HMS) is dependent upon the individual’s prior experience and scholarship. This candidate will develop an independent research program in neuromuscular disease with the goal of obtaining peer-reviewed funding, and with an opportunity for mentoring and teaching trainees. Start-up funding and resources are available. To be considered, candidates must hold the M.D., M.D./Ph.D., or Ph.D. degree. Candidates should have strong teamwork, and interpersonal abilities. Additional conditions of employment are provided via this link: https://www.partners.org/For-Medical-Professionals/Employment-Conditions.aspx

For consideration for this position, please send curriculum vitae to the following address or email by March 31, 2019:

Tracy Batchelor, M.D. and Dennis Selkoe, M.D.
Search Committee Co-Chairs
Department of Neurology
Brigham and Women’s Hospital
60 Fenwood Road
Boston, MA 02115
Email: tbatchelor@bwh.harvard.edu

We are an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, gender identity, sexual orientation, pregnancy and pregnancy-related conditions or any other characteristic protected by law.
