The Brigham and Women’s Hospital Division of Cardiovascular Medicine seeks an academic Advanced Heart Failure and Transplant cardiologist. Appointment as Instructor, Assistant Professor, or Associate Professor at Harvard Medical School will be commensurate with experience, training, and achievements, in addition to teaching activities. Special focus on cardiac transplantation and mechanical circulatory support will be advantageous. Clinical scholarship and the ability to grow an innovative regional and national program using effective outreach is required. He or she will teach and supervise medical students, residents, and advanced heart disease fellows. Research and leadership opportunities are available depending on experience and interest. Evidence of scholarship is required in the clinician-educator track.

Applicants must be board certified in Internal Medicine and Cardiovascular Diseases. ABIM certification (or eligibility) in Advanced Heart Failure and Transplant Cardiology is also required. Please send curriculum vitae and a personal statement to: Marcelo F. Di Carli, MD; Attention: Joanne Normandin, Division of Cardiovascular Medicine, Department of Medicine, Brigham and Women’s Hospital, 75 Francis Street, Boston, MA 02115, or via email to: jnormandin@bwh.harvard.edu.

We are an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability status, protected veteran status, pregnancy and pregnancy-related conditions, or any other characteristic protected by law. Women and minority candidates are particularly encouraged to apply.
