The Dana-Farber Cancer Institute (DFCI) is recruiting an outstanding medical oncologist to join the Lank Center for Genitourinary Oncology, which is a thriving clinical and translational research unit dedicated to the treatment of genitourinary cancers. The focus of this position is on a clinician with experience in clinical trials and clinical care of patients with genitourinary cancers. The successful candidate will also engage in teaching students, housestaff, and fellows in the clinic and inpatient settings. The successful candidate is also expected to develop, participate, and lead clinical and/or translational research projects; and take an active role in the Lank Center’s clinical activities.

Appointment at the Instructor, Assistant or Associate Professor levels at Harvard Medical School will be commensurate to academic accomplishment.

The position will be based in both the Department of Medical Oncology at DFCI and the Department of Medicine at the Brigham and Women's Hospital and includes collaboration with other institutions affiliated with the Dana-Farber/ Harvard Cancer Center and the Harvard Medical School. Candidates must be board-eligible or certified in medical oncology.

Please send a cover letter, a curriculum vitae, and names and email of three references to:
