DANA-FARBER CANCER INSTITUTE
Dedicated to Discovery…Committed to Care

Cancer Geneticist/Gastrointestinal Medical Oncologist

The department of Medical Oncology at the Dana-Farber Cancer Institute, and the Department of Medicine, Brigham and Women’s Hospital, invite applications from physicians with experience in cancer genetics and/or gastrointestinal medical oncology for full-time appointment at the Assistant/Associate Professor level. The focus of this position is on expert clinical care of patients with cancer susceptibility and patients with gastrointestinal malignancies. The candidate will be based in the Division of Cancer Genetics and Prevention and the Gastrointestinal Cancer Center at the Dana-Farber Cancer Institute and will be a member of the Department of Medicine at the Brigham and Women’s Hospital and Harvard Medical School. The successful candidate will also engage in teaching students, housestaff, and fellows in the clinic and inpatient settings.

Candidates must be board-eligible or board-certified in medical oncology with at least 1 year of experience in cancer genetics or gastrointestinal medical oncology. Appointment at the Assistant or Associate Professor level at Harvard Medical School will be commensurate with experience, training and academic accomplishment.

Interested candidates should submit a cover letter with a brief overview of pertinent experience, curriculum vitae, and the names and email addresses of three references to:

Dr. Judy Garber
Chief, Division of Cancer Genetics and Prevention
Dana-Farber Cancer Institute
450 Brookline Avenue, Boston, MA 02215

Submissions may be sent via email to: DFCI_genetics_search@dfci.harvard.edu.

Dana-Farber Cancer Institute is an NCI-designated Comprehensive Cancer Center. We are an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, gender identity, sexual orientation, pregnancy and pregnancy-related conditions or any other characteristic protected by law. Women and minority candidates are particularly encouraged to apply.
