The Department of Neurology at Massachusetts General Hospital is seeking an ABPN-certified academic Neurologist to join the Division of ALS and Motor Neuron Diseases and Sean M. Healey & AMG Center for ALS and to join the faculty of the Harvard Medical School at the Instructor, Assistant Professor or Associate Professor level.

The successful candidate should be clinically active and have a local, national or international reputation as an expert in clinical and/or basic biology or genetics of ALS and motor neuron diseases. The candidate will have responsibilities for a mix of clinical, research and educational activities in the division. An ideal candidate should have an established research interest and demonstrated ability to attract sustained research funding. Although substantial direct clinical and research experience would be advantageous, less experienced candidates with exceptional promise will also be considered.

Appointment as Instructor, Assistant Professor or Associate Professor of Neurology at the Harvard Medical School will be commensurate with experience, training, and achievements. Suitable candidates will have MD or MD-PhD degrees. Applications from women and representatives of minority groups are welcomed and encouraged.

Interested candidates are invited to submit a curriculum vitae and a cover letter describing your philosophy of clinical care, any prior and current research endeavors, and your future research plans.

Merit E. Cudkowicz, MD, MSc
Chief, Department of Neurology
C/o James D. Berry, MD, MPH
Chief, Division of ALS and Motor Neuron Diseases
