Brigham and Women’s Hospital (BWH) is seeking an academic clinical neurologist with expertise in cognitive and behavioral neurology and memory disorders. Hospital title will be Associate Neurologist and academic rank at HMS will be commensurate with experience and scholarship in the field. S/he will become an integral member of the Center for Brain/Mind Medicine (CBMM), a robust clinical and research entity that encompasses programs in behavioral neurology, neuropsychiatry, neuropsychology, and social work. Inpatient teaching service time is available at BWH. Candidates should have a MA license to practice medicine and be board-eligible or certified in Neurology. S/he should possess a strong record as a clinician-educator or clinical investigator in the field of behavioral neurology, and should have a passionate commitment to patient care, teaching, teamwork and collegiality.

Additional conditions of employment are provided via this link: https://www.partners.org/For-Medical-Professionals/Employment-Conditions.aspx

Interested candidates should send or email her/his curriculum vitae by March 1, 2020 to:
