

Mechanical Engineer, Biomedical Engineer – Medical Device Design and Development

The Division of Gastroenterology, Hepatology and Endoscopy, Department of Medicine at Brigham and Women's Hospital seeks a PhD level recognized mechanical engineer and/or biomedical engineer expert with a minimum of 3 years of post-doctoral experience. Applicant should have a strong commitment to developing solutions to major unmet needs and experience in a broad range of drug delivery approaches including gastrointestinal-resident dosage forms for extended drug release, novel designs to maximize the functionality of materials, pre-clinical animal model pharmacokinetic experience in large animals, teaching and applied research. This is a part-time position with support for 50% time commitment. Academic rank at Harvard Medical School as Instructor, part-time appointment, and salary are commensurate with qualifications and experience. Please send CV by mail to: C. Giovanni Traverso, MD, PhD, Division of Gastroenterology, Hepatology and Endoscopy, Brigham and Women's Hospital, 75 Francis Street, Boston, MA 02115-6195, or via e-mail to: kdriscoll@bwh.harvard.edu.

We are an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability status, protected veteran status, pregnancy and pregnancy-related conditions or any other characteristic protected by law.
