

## **Massachusetts General Hospital for Children**

### **Assistant in Pediatrics/ Assistant Pediatrician/ Associate Pediatrician**

The Division of Pediatric Endocrinology at Massachusetts General Hospital (MGH) and Mass General Hospital for Children (MGHfC) invites applications for a full-time position as an Assistant in Pediatrics, Assistant Pediatrician or Associate Pediatrician to join a multidisciplinary team of clinicians and researchers. Candidates will be eligible for appointment at Harvard Medical School as Lecturer, part-time, if they teach Harvard associated learners at least 50 hours/year. The successful candidate will have earned an M.D. or M.D./Ph.D. or equivalent and be BC/BE in Pediatrics and Pediatric Endocrinology.

The applicant will have expertise in outpatient clinical activities, inpatient attending responsibilities, and teaching and mentorship of students, residents and pediatric endocrinology trainees. The division is in the process of expanding its clinical footprint providing opportunity to develop a community-based practice in collaboration with our clinical affiliates in southern New Hampshire, as well as participate in activities at the academic medical center in Boston.

The Division of Pediatric Endocrinology consists of fourteen successfully established pediatric endocrinologists, providing care to patients representing the entire spectrum of endocrine conditions. The Division of Pediatric Endocrinology provides patient and family centered care to its large patient base, and includes five nurse certified diabetes educators, a dietician and a psychologist. MGHfC offers the dual advantage of a children's hospital within the internationally renowned Massachusetts General Hospital, consistently ranked as one of the best general hospitals in the world. Pediatric endocrinologists and other pediatric specialists benefit from a vast campus with outstanding clinical resources and research activities within the Mass General Brigham Health Care system, the largest health care network operating within the greater Boston area.

Interested candidates should send curriculum vitae and a brief letter outlining their interests to:

Madhusmita Misra, MD, MPH  
Chief, Division of Pediatric Endocrinology  
Department of Pediatrics  
Massachusetts General Hospital  
55 Fruit Street, CPZS 5-539  
Boston, MA 02114  
Attn: Nancy Radford
