Dana-Farber/Boston Children's Cancer and Blood Disorders Center

The Dana-Farber/Boston Children's Cancer and Blood Disorders Center invites applications for a tenure track position at the Assistant Professor level. The appointee will join a superb faculty with strengths in genome stability, genomics and epigenomics, stem cell and cancer biology, and neurobiology. Outstanding applicants will be expected to develop an independent laboratory-based research program focused on basic and translational studies in pediatric immuno-oncology.

Qualified candidates should have an MD degree and postdoctoral experience.

Dana-Farber and Boston Children's Hospital are Harvard Medical School Teaching Hospitals.

The chosen candidate may receive an academic appointment at the Assistant or Associate Professor rank at Harvard Medical School, commensurate with experience, accomplishments and teaching responsibilities.

The position will be based at the Dana-Farber Cancer Institute (an NCI-designated Comprehensive Cancer Center).

Salary offered will be consistent with fair market rate and commensurate with experience.

Interested candidates should submit a cover letter, curriculum vitae and a 3-page research statement:

Scott A. Armstrong, M.D., Ph.D.
Department of Pediatric Oncology Dana Farber Cancer Institute
and
David A Williams, M.D.
Division of Hematology/Oncology, Boston Children's Hospital
