The Massachusetts General Hospital Department of Urology is seeking outstanding candidates for an Acute Care Urologist (ACU) role. The ACU will lead and manage the Acute Care Urology Service at the Massachusetts General Hospital. Primary clinical responsibilities include but are not limited to the emergency department and in-house consultations, surgery and outpatient care and procedures. In addition to clinical care, successful candidates will have opportunities for participation in academic, resident teaching and project work in support of the Department. Training and experience commensurate with the position, eligibility for medical licensure in the State of Massachusetts and board certification in urology or sub-specialty certification is required. Academic rank of Instructor in Surgery, Assistant Professor of Surgery, or Associate Professor of Surgery at Harvard Medical School will be appointed, consistent with a candidate’s experience, qualifications and professional achievements.

We are an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, gender identity, sexual orientation, pregnancy and pregnancy-related conditions or any other characteristic protected by law.

Michael L. Blute, Sr. MD  
Chief of Urology, Massachusetts General Hospital  
Walter S. Kerr Jr.  
Professor of Surgery, Harvard Medical School

Applicants should email a letter of interest and curriculum vitae to: Linda McCormick (LMCCORMICK@mgh.harvard.edu).
