The Clinic Division of the Joslin Diabetes Center is recruiting an academic pediatric endocrinologist with particular interests in type 1 and type 2 diabetes in youth. This appointment has potential for 25-90% clinical time in the Clinic Division and potential for 10% to up to 75% research time on the Research Division.

We are recruiting at the Instructor rank, and possibly at the Assistant Professor rank according to credentials and faculty experience in Pediatric Endocrinology. Candidates will participate in clinical care, teaching, and research activities. There is opportunity for clinical care in pediatric diabetes as well as pediatric endocrinology.

Candidates must have the following experience/qualifications:

- MD, MD/PhD, or DO
- Successful completion of an approved pediatric residency training program and Fellowship in Pediatric Endocrinology
- Board certification/eligibility in Pediatrics and Pediatric Endocrinology
- Eligible for a Massachusetts Medical License
- Experience and interest in providing excellent clinical care, education, and research
- Ability to work collegially and collaboratively in a diverse environment

All employees of Joslin Diabetes Center are dedicated to improving the lives of people with diabetes and other endocrine disorders and the overarching mission of preventing, treating, and curing diabetes. As such, each discipline functions as a member of the JoslinCare Team. This multidisciplinary approach includes but is not limited to physicians, nurse practitioners, certified diabetes educators who are nurses, nutritionists and exercise physiologists as well as Joslin care coordinators, behavioral health specialists, and administrative coordinators who are directly involved in the development of the plan of care for patients in collaboration with patients/families and caregivers. The care plan is the primary document of care for patients and each member of the team is responsible for contributing to and maintaining an accurate and patient centered plan that is shared with patients/families/caregivers and referring health care providers and other specialists. All members are essential in the provision of the Joslin Care model and agree to function in a manner that is respectful and thoughtful of one another, patients/families/caregivers and other health care professionals and employees.

Joslin values diversity and inclusion, and we encourage diversity applicants.
Joslin is an Equal Opportunity Employer of Minority/Female/Individuals with Disabilities/Protected Veterans

We are an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, gender identity, sexual orientation, pregnancy and pregnancy-related conditions or any other characteristic protected by law.

Interested applicants are invited to apply on the Joslin website [www.joslin.org](https://jobs-joslin.icims.com/jobs/3386/clinic-physician-%28pediatrics%29/job)
In addition, interested candidates should send a copy of their curriculum vitae, a brief letter outlining their interests, and names of three references to:
