MGH Interventional Radiology Junior Faculty Advertisement

The Massachusetts General Hospital Department of Radiology seeks two candidates for faculty positions as Instructor or Assistant Professor in the Division of Interventional Radiology. These will be full time clinical roles with part-time faculty appointments at Harvard Medical School. Candidates should be board-certified or board eligible in Interventional Radiology/Diagnostic Radiology, have completed an Interventional Radiology fellowship or residency in an ACGME accredited program.

The successful candidate will be capable of integrating into busy clinical practices in the Departments of Radiology at MGH and our affiliate, Newton-Wellesley Hospital. The candidate should be able perform all types of interventional radiology procedures including biopsies, drainages, urological/biliary/gastrointestinal interventions, arterial and venous interventions, dialysis access interventions, interventional oncology procedures, TIPS/portal interventions, and kyphoplasty/vertebroplasty. It is also expected that the candidate will actively participate in outpatient and inpatient clinical care, longitudinal patient care, attend interdisciplinary clinical conferences and supervise and teach residents and advanced practice providers. Facilities include state of the art angiography systems, US, CT and MRIs.

The Division is actively involved in clinical and basic science research. MGH interventional radiologists collaborate with numerous clinical colleagues in oncology, nephrology, hepatology and surgeons from MGH and other Harvard Medical School affiliated hospitals.

The MGH Department of Radiology has a strong commitment to faculty development and academic advancement. Faculty rank will be commensurate with experience.

We are an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, gender identity, sexual orientation, pregnancy and pregnancy-related conditions or any other characteristic protected by law.

Curriculum vitae and letters describing interest, background and qualifications should be addressed to Sanjeeva Kalva, MD, Chief, Interventional Radiology, Massachusetts General Hospital, Gray 2-296, Boston, MA, 02114 and emailed to SKALVA@PARTNERS.ORG and saoshaughnessy@mgh.harvard.edu.
