The Departments of Neurology at Massachusetts General Hospital and Brigham and Women’s Hospital are seeking an academic neurologist to serve as Director of the Mass General Brigham Sports Neurology Program and to join the faculty of Harvard Medical School.

The successful candidate should be an expert in sports neurology and neuroscience with a national or international reputation and a record of research and publication in sports neurology and neuroscience. The candidate will have responsibilities for overseeing the administrative, clinical, research and educational activities of the Mass General Brigham Sports Neurology Program in the Departments of Neurology, and will have responsibilities for teaching, supervising, and mentoring Harvard medical students, residents, fellows, and junior faculty. The candidate will also be an active partner in the Mass General Brigham Sports Medicine Program, responsible for integrating sports neurology and neuroscience into this comprehensive program. While substantial clinical and administrative experience is desirable, outstanding candidates at earlier stages of their careers will be considered and are encouraged to apply.

Appointment at the Harvard Medical School will be commensurate with experience, training and achievements. Suitable candidates will have M.D. or M.D.-Ph.D. degrees. We anticipate the successful candidate will be qualified for appointment at the Assistant or Associate Professor of Neurology level. Applications from women and representatives of minority groups are welcomed and encouraged.

Interested candidates should submit a Curriculum Vitae and letter describing interests and experience addressed to:

Tracy Batchelor, M.D. and Merit Cudkowicz, M.D.
Co-Chairs, Ad Hoc Joint MGB Sports Neurology Search Committee

Submit all documents to: Doris Dalrymple ddalrymple@bwh.harvard.edu

We are an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, gender identity, sexual orientation, pregnancy and pregnancy-related conditions or any other characteristic protected by law.
