Clinic Physician/Endocrinologist
Adult Diabetes Section (Clinic Division)

The Joslin Diabetes Center, affiliated with Harvard Medical School and located in Boston, is the preeminent diabetes center in the world; a one-of-a-kind institution on the front lines of the diabetes epidemic. Joslin has revolutionized the diagnosis, treatment, and prevention of diabetes worldwide.

The Adult Diabetes Section of the Joslin Diabetes Clinic is recruiting an academic Clinical Endocrinologist to join its group of physicians, participating in clinical care and teaching. Exposure to the greatest minds in diabetes, collaborative team approach, and a unique clinical care model all with ideal work/life balance. Opportunity for academic appointment at Harvard Medical School as Instructor, Assistant or Associate Professor will be commensurate with experience, training and achievements in addition to teaching activities. Suitable candidates will have an MD or an MD-PhD, and Board Certification in Internal Medicine and BC/BE in Endocrinology.

A Joslin Clinic Adult Diabetes Physician treats patients with diabetes of all types with special emphasis on current techniques for management of Type I and Type II diabetes. Also recognizes and treats, or refers for treatment, complications of diabetes. Manages general medical problems that may arise in his/her diabetic patients. Works in a collegial fashion with diabetes educators, including nurses and dietitians. Functions as a member of the medical staff of the hospital(s) where he/she practices. Interacts with the Clinic Administrator in a positive and constructive fashion.

Although several years of direct clinical experience would be advantageous, less experienced candidates with exceptional promise will also be considered.

Candidates must have the following experience/qualifications:

- M.D. degree from an accredited school
- Residency in internal medicine
- Fellowship in endocrinology and metabolism
- Certification and licensure in Massachusetts
- Board certified in internal medicine
- Board certified in endocrinology/metabolism (or eligible for Board certification with certification expected,) or, if hired before board certification subspecialty availability has five years’ experience in the treatment of diabetes and its complications

Interested candidates should apply via the Joslin website (www.joslin.org) or via this link: https://jobs-joslin.icims.com/jobs/3419/endocrinologist--%28physician%2c-joslin-clinic%3a-adult-diabetes%29/job

Joslin values diversity and inclusion, and we encourage diversity applicants.

We are an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, gender identity, sexual orientation, pregnancy and pregnancy-related conditions or any other characteristic protected by law.
