To create and nurture a diverse community
of the best people committed to leadership in alleviating
human suffering caused by disease.

Mission Statement, Harvard Medical School

The mission of the Harvard School of Dental Medicine is to
develop and foster a community of global leaders dedicated to
improving human health by integrating dentistry and medicine
at the forefront of education, research and patient care. Its
vision is to transform dentistry by removing the distinction
between oral and systemic health.

Mission Statement, Harvard School of Dental Medicine
