Boston Children's Hospital Pediatric Emergency Medicine Faculty Development Award (1)

Eligibility: This fellowship is open to fulltime faculty members in the Division of Emergency Medicine at Boston Children's Hospital with less than 12 years of faculty service. Applicants must hold a fulltime HMS appointment at the rank of instructor or assistant professor. Faculty with current funding from a federal training grant or a BCH faculty development grant are not eligible.

Funds: Up to \$50,000 (plus fringe) per cycle. One and two year proposals are considered. The funding period for this year will be July 1, 2018 through June 30th, 2019. For those requesting a second year of funding, a progress report should be submitted by April 1, 2019. Unless a separate budget is submitted, the award should support salary of the candidate and cannot be used to support the mentor. Proposals can be related to research, education, or quality improvement. Proposals that include a specific project related to their individual career development will receive greater consideration than a proposal for time to complete manuscripts or take courses.

Application: *Please return complete application to Richard Bachur, MD by March 15, 2018. Your application should include:*

- Written proposal (maximum 3 pages single spaced)
 - background, aims, and methodology for project
 - timeline for project milestones (please prepare a schematic or table with estimated dates and associated goals and scholarly work-products)
 - if a research proposal, please note whether the project(s) is/are IRB approved and any other funding for this project
 - proposal needs to include a section explaining how this project relates to your long term career goals
 - Include a short discussion of how your development will benefit the Division
- Time justification: similar to a budget, please itemize the time commitment for each stage of the project over the term of the award. (1 page)
- Support letter from mentor(s) (maximum one page, single spaced)

Decisions will be announced at the end of year dinner in June.

Brigham and Women's Hospital Faculty Career Development Award (2)

Eligibility: The award provides transitional funding to enhance productivity and growth during the early critical years of an academic career when young faculty must teach, do research, compete for grants, publish, and practice (if clinicians) at the same time they may be assuming increased family or other responsibilities. BWH seeks to use these awards to increase the diversity of, and demonstrate support for, the junior faculty. Awards are open to all junior faculty and designed with an emphasis on assisting women faculty, faculty who belong to a racial/ethnic population underrepresented in medicine and science (URM), or faculty who have family responsibilities such as being the primary caregiver for children and/or parents.

Funds: \$30,000 + 15% indirect costs (\$4,500) for one year.

Application: *The application deadline is January 15, 2018.* For additional information and questions, visit: <http://cfdd.brighamandwomens.org/fellowships-and-awards/fcda/>

The Harvard Pilgrim Health Care Institute Department of Population Medicine's Robert H. Ebert Fellowship (1)

This fellowship supports research and career development in population medicine. Eligibility is limited to HPHCI Department of Population Medicine faculty. For more information, please contact Sheila Fireman at Sheila_Fireman@harvardpilgrim.org.

Massachusetts Eye and Ear Fellowship (1)

Eligibility: Designated in 2018 for a full-time member of the Mass. Eye and Ear-based Otolaryngology faculty. The Fellowship is intended to assist a junior faculty member in developing her/his academic or research career at the same time as she/he may be assuming increased family or other responsibilities.

Funds: The stipend of \$30,000 may be used for activities such as buying protected time from clinical or laboratory responsibilities to pursue academic work, including writing a grant application, preparing a manuscript, completing a research project, or developing innovative teaching resources. Funding could also be used for research or programmatic expense support at a time when the junior faculty member does not yet have independent funding.

Application: To apply, please submit your CV and a maximum 500-word proposal to MaryEllen_Doyle@meei.harvard.edu by January 13, 2018.

McLean Hospital Fellowship (1)

Eligibility: The award is designed to support the early research career of an outstanding young investigator at McLean Hospital. While both men and women may apply, this support is an important part of HMS's efforts to increase the representation of women at the higher ranks in the Faculty of Medicine. The project is competitively renewable for one additional year upon review of scientific progress. Young investigators at the Instructor or Assistant Professor level are eligible to apply. The awardee will be selected in consultation with a special advisory committee convened for this purpose.

Funds: \$30,000. Funding is for a one-year period starting on July 1, 2018. The funds may be used to support basic or clinical psychiatric research at McLean. Support can be requested for principal researcher and staff salary + fringe benefits (32% of salary), supplies, equipment or subject recruitment fees. It is expected that the budget will include the awardee's salary in an amount equivalent to time spent on the project. Awards are not transferable to other organizations.

Application: The application deadline is January 31, 2018. Partners Research Navigator (login required):
