

Where the world comes for answers

**PEDIATRIC HEADACHE PSYCHOLOGIST**  
BOSTON CHILDREN'S HOSPITAL

The Departments of Neurology and Psychiatry and Behavioral Sciences at Boston Children's Hospital are seeking a pediatric psychologist for a full-time position in the Headache Clinic. The psychologist will provide outpatient clinical services in a specialty headache clinic at the Boston and Waltham sites. Specific training and skills in pediatric headache or pain, as well as the application of cognitive-behavioral and biofeedback interventions with children are required. The position will also involve teaching and supervision. The successful applicant will be appointed at a Harvard Medical School rank (Instructor, Assistant or Associate Professor) commensurate with experience, training, achievements, and a commitment to teaching Harvard learners. The applicant should have a Massachusetts health service provider license in psychology. Graduates of APA-approved doctoral programs with APA-approved internships are preferred.

Letter of application detailing relevant experience and a recent curriculum vita should be sent electronically to: Cleo Hereford ([cleo.hereford@childrens.harvard.edu](mailto:cleo.hereford@childrens.harvard.edu))

We are an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, gender identity, sexual orientation, pregnancy and pregnancy-related conditions or any other characteristic protected by law.
