

Where the world comes for answers

## **PEDIATRIC NEUROLOGIST CO-DIRECTOR, AUTISM SPECTRUM CENTER BOSTON CHILDREN'S HOSPITAL**

The Department of Neurology at Boston Children's Hospital is seeking applicants for a Pediatric Neurologist/Co-Director of the Autism Spectrum Center. The successful candidate will have clinical expertise and clinical research activities focused on children with autism spectrum disorder (ASD) and related disorders. The successful applicant will join the thriving Department of Neurology and the Autism Spectrum Center, which is a multi-departmental clinically focused program that provides comprehensive, family-centered diagnostic and care services for children with ASD in both the inpatient and outpatient settings. The candidate must possess an MD degree or equivalent and be board eligible/certified in Neurology or Neurodevelopmental Disabilities. The successful applicant will be appointed at a Harvard Medical School rank (Instructor, Assistant or Associate Professor) commensurate with experience, training, and achievements in addition to teaching activities. The candidate should have a longstanding history of delivering superb clinical care.

Interested candidates should forward a cover letter and their curriculum vitae to:
