

**DANA-FARBER CANCER INSTITUTE****Dedicated to Discovery...Committed to Care****Genitourinary Medical Oncologist****The Lank Center for Genitourinary Oncology**

The Dana-Farber Cancer Institute (DFCI) is recruiting an outstanding medical oncologist to join the Lank Center for Genitourinary Oncology, which is a thriving clinical and translational research unit dedicated to the treatment of genitourinary cancers. The focus of this position is on a clinician with clinical care of patients with all genitourinary cancers. The candidate would have experience in clinical trials conduct, with clinical or/and translational research backgrounds welcome. The successful candidate is a clinician who will engage in teaching students, housestaff, and fellows in the clinic and inpatient settings while contributing to clinical trial efforts. The candidate will take an active role in the Lank Center's clinical activities.

Appointment at the Instructor, Assistant or Associate Professor level at Harvard Medical School will be commensurate to academic accomplishment.

The position will be based in both the Department of Medical Oncology at DFCI and the Department of Medicine at the Brigham and Women's Hospital and includes collaboration with other institutions affiliated with the Dana-Farber/ Harvard Cancer Center and the Harvard Medical School. Candidates must be board-eligible or certified in medical oncology.

Please send a cover letter, a curriculum vitae, and names and email of three references to:
