

# Full-Time Academic Pediatric Psychologist

The **Boston Children's Hospital Food Allergy Center, in collaboration with the Department of Psychiatry and Behavioral Sciences**, seeks applications for a full-time academic pediatric psychologist. The psychologist will provide outpatient evaluation, consultation and treatment services for children and adolescents with a wide variety of Allergy/Immunology conditions including food allergy, asthma, atopic dermatitis, and primary immunodeficiency. All applicants must hold a Ph.D. or Psy.D. from an APA-accredited doctoral program and have completed an APA-accredited internship. Applicants must also hold a Massachusetts psychology license and Medical Staff appointment prior to beginning their position. Academic appointment and compensation will be consistent with experience and Hospital policies; Harvard Medical School appointments will be through Boston Children's Hospital Department of Psychiatry and Behavioral Sciences and will likely be at either the Instructor or Assistant Professor level. Ongoing teaching will be required.

If interested, please send a cover letter detailing your clinical and academic interests along with your CV to: Cleo Hereford, Department of Psychiatry, electronically to [cleo.hereford@childrens.harvard.edu](mailto:cleo.hereford@childrens.harvard.edu).

We are an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sexual orientation, gender identity, national origin, disability status, protected veteran status, pregnancy and pregnancy-related conditions, or any other characteristic protected by law.
