

**Department of Urology, Urologist**  
Massachusetts General Hospital

The Department of Urology at Massachusetts General Hospital is seeking a full-time BE/BC urologist. We are looking for a candidate with clinical interests in urolithiasis, benign prostatic disease and/or lower urinary tract dysfunction. Fellowship training in endourology and/or female pelvic medicine and reconstructive medicine preferred but not required. Applicants with interest in scholarship and in training the next generation of urologists are encouraged. We are looking for a candidate with clinical expertise in both open and minimally invasive (i.e., laparoscopic and robotic) also preferred.

The qualified candidate will be a full-time faculty member in the Department of Urology at Massachusetts General Hospital and hold an academic rank of Instructor, Assistant Professor, or Associate Professor appropriate and commensurate with accomplishments at Harvard Medical School. As a faculty member of Harvard Medical School, the candidate will also assume teaching responsibilities for medical students, residents, fellows, and others.

Interested, qualified candidates should send a letter of interest and curriculum vitae to:

**Kate McKiernan**  
Sr. Administrative Director  
Department of Urology  
Massachusetts General Hospital
