

Internal Medicine Residency Program Director Mount Auburn Hospital Cambridge, MA

The Department of Medicine at Mount Auburn Hospital, a teaching hospital of Harvard Medical School (HMS), in Cambridge, Massachusetts is recruiting a Program director to lead the Internal Medicine Residency Program. Mount Auburn Hospital is a member of the Beth Israel Lahey Health (BILH) network. The Internal Medicine Residency Program at Mount Auburn Hospital includes fifty categorical and preliminary residents and the program has a distinction of training exceptional general Internal Medicine physicians and residents who match in outstanding subspecialty fellowships.

The Program Director is responsible for cultivating an environment for learning and professional growth and development, and for leading the residency program administrative leadership team in implementation of the program. This includes all outcomes of the program, including development and management of inpatient and ambulatory training, didactic education, scholarship opportunities and professional development. The Program Director must ensure continuing accreditation of the program by understanding and complying with the Accreditation Council for Graduate Medical Education (ACGME) Institutional, Common and Specialty-Specific Program Requirements, as well as Accreditation Council for Graduate Medical Education and Review Committee policies and procedures. This will include management of site visits and maintaining all ACGME milestones.

The position requires board certification in internal medicine and a minimum of at least two years of participation as an active faculty member in an ACGME-accredited internal medicine residency program, and demonstrated excellence as a teacher. The successful candidate will have outstanding clinical, leadership, and communication skills. This is a full time position with associated non-clinical time for teaching and administration of the program.

The chosen candidate will be eligible for a Harvard Medical School (HMS) appointment of Instructor, Assistant Professor, or Associate Professor, commensurate with HMS appointment criteria and qualifications.

We are an Equal Opportunity Employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, gender identity, sexual orientation, pregnancy and pregnancy-related conditions, or any other characteristic protected by law. We strongly encourage both women and minorities to apply.

To learn more about this opportunity, or to apply, please send a CV and brief letter of interest or query to Carey Thomson, MD, MPH, Chair, Department of Medicine:
