

Chief, Electrophysiology Division, Department of Cardiology, Boston Children's Hospital

Boston Children's Hospital (BCH) seeks to recruit the next Chief of its Division of Electrophysiology. The new Chief will join the BCH Heart Center leadership team and will report to the Chair of the Department of Cardiology.

Interested candidates should have a distinguished record of excellence in clinical care, teaching and scholarly accomplishment in electrophysiology in pediatric and congenital heart disease. In addition to outstanding clinical expertise, a keen understanding of clinical and research support infrastructure and operations, as well as an ability to manage a significant financial and operating budget is desired. This Harvard Medical School appointment will be at the rank of Associate Professor.

Candidates must possess an MD degree. They must be board certified and eligible for licensure without restriction within the Commonwealth of Massachusetts.

All inquiries are confidential. Interested candidates should forward a personal statement and CV to:
