

Instructor or Assistant/Associate Professor of Pediatrics (Division of Newborn Medicine)
Massachusetts General Hospital

The Division of Newborn Medicine in the Department of Pediatrics at Massachusetts General Hospital (MGH) and Mass General for Children (MGfC) is seeking candidates for full-time appointment as an Instructor, Assistant Professor or Associate Professor for a faculty neonatologist position to join a multidisciplinary team of clinicians.

MGH is an academic medical center affiliated with Harvard Medical School (HMS). The perinatal program includes approximately 3,700 deliveries/year with an active high risk maternal-fetal medicine service and associated Level II Special Care Nursery and Level IV NICU with a combined capacity of 42 acute beds. Mass General Division of Newborn Medicine includes a network of affiliated community special care nurseries along with a robust transport program.

The Birthplace at Mass General Brigham Salem Hospital care for more than 1,300 newborns annually and includes a Level IIB Special Care Nursery. Salem's close medical and nursing collaboration with the Mass General Hospital NICU ensures the most advanced approach to infant care.

Clinical responsibilities will include providing clinical care in the MGH NICU and the SCN at Salem Hospital.

We provide education to the fellows of the Harvard Neonatal-Perinatal Medicine Fellowship Program and residents in the MGH Pediatric Residency Program. We are actively involved in clinical research and quality improvement projects, including participation in NeoQIC, the Neonatal Quality Improvement Collaborative of Massachusetts.

Requirements include an MD or equivalent degree, eligibility for medical licensure in the State of Massachusetts, and board certification or board eligibility in Neonatal-Perinatal Medicine.

Academic appointment as Instructor, Assistant or Associate Professor at HMS will be commensurate with experience, qualifications, achievements, and teaching responsibilities.

Mass General Hospital is a founding member of the Mass General Brigham Integrated Health Care System and is located in Massachusetts and has been consistently ranked by U.S. News and World Report as one the Nation's top 5 Hospital. Excellent compensation and comprehensive benefits are provided.

We are an equal opportunity employer, and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability status, protected veteran status, or any other characteristic protected by law.

This position is now available and will remain open until filled.

Interested candidates should send a letter of interest and CV to: Dr. Paul Lerou, Chief, MGH Division of Newborn Medicine at plerou@mgh.harvard.edu.
