

Dana-Farber/Boston Children's Cancer and Blood Disorders Center

## Assistant Professor of Pediatrics – Cancer and Blood Disorders Center

The Dana-Farber/Boston Children's Cancer and Blood Disorders Center is seeking a faculty member at the Assistant Professor level with specialization in the area of basic immunology and immunotherapeutic approaches in high-risk leukemias, at Boston Children's Hospital (BCH) and Dana-Farber Cancer Institute (DFCI). The appointee will become a faculty member in the Department of Pediatrics, Harvard Medical School, and join a superb faculty with strengths in all aspects of pediatric hematology/oncology and cellular therapies. Outstanding applicants will be exceptional physician-scientists with relevant laboratory and clinical trial experience, leadership and publications in CAR-T cell and other immunotherapies. The successful candidate will participate in teaching activities of postdoctoral trainees, students, fellows, and residents.

Candidates must have an MD and/or MD, PhD degree and postdoctoral experience. Women and members of under-represented minorities are encouraged to apply. Salary offered will be consistent with fair market rate and commensurate with experience.

The Dana-Farber/Boston Children's Cancer and Blood Disorders Center has a faculty numbering more than 100, with exceptional research and clinical programs in non-malignant hematology, hematologic malignancies, solid tumors, and neuro-oncology.

Interested candidates should submit a curriculum vitae, a statement of interest, and three letters of recommendation to:

David A. Williams, M.D., Chief, Hematology/Oncology, Boston Children's Hospital  
c/o Trishna Rana  
Boston Children's Hospital  
300 Longwood Avenue, Karp 8125  
Boston, MA 02115
