

## Hospital Medicine

The Brigham and Women's Hospital, Hospital Medicine Unit provides outstanding, team-based care to General Medicine, Subspecialty Medicine, and Oncology patients. We are seeking Hospitalists for day and night positions across our campuses. This is a unique opportunity to obtain valuable experience caring for medically-complex inpatients in the stimulating and supportive environment of a top academic medical center. Successful candidates will have excellent clinical skills, and a commitment to collaborative care. We offer a generous compensation, incentive, and benefit plan.

Successful candidates will be BC/BE Internal Medicine physicians with excellent clinical skills and a commitment to collaborative care. Academic rank of Instructor at Harvard Medical School will be commensurate with experience, training, and academic achievements. The successful candidate will also engage in teaching medical students, house staff and GIM fellows in the inpatient setting.

We are an equal opportunity employer, and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability status, protected veteran status, pregnancy and pregnancy-related conditions or any other characteristic protected by law. Women and minority candidates are particularly encouraged to apply.

If interested, please address a cover letter and C.V. to the attention of the Chair of the Hospital Medicine Unit Hiring committee and send to [hmurecruitment@bwh.harvard.edu](mailto:hmurecruitment@bwh.harvard.edu)
