

Academic Clinical Neurologists

The Massachusetts General Hospital Department of Neurology is seeking Board-Certified or Board-Eligible Neurologists to join our academic Neurology practice. Positions in General and Comprehensive Neurology, Behavioral Neurology, Epilepsy, Headache, Memory Disorders, Movement Disorders, Neuroimmunology, Neuromuscular Disease, Neuro-Ophthalmology, Ataxia, Cerebrovascular Disease, and Pediatric Neurology and its sub-specialties are available.

Applicants should have a primary interest in clinical neurology as well as teaching and supervising medical students, residents, and clinical fellows in a busy clinical practice based at Massachusetts General Hospital. Opportunities to participate in clinical research and clinical trials are available to interested candidates.

The successful candidates will be considered for appointment to the faculty of Harvard Medical School at the Instructor, Assistant Professor or Associate Professor level based on experience and qualifications. An HMS appointment carries the expectation that the candidate will engage in teaching in the Harvard community a minimum of 50 hours per year including trainee supervision. Suitable candidates will have an MD, DO, or an MD-PhD, and ABPN certification in Neurology.

Interested candidates should submit a Curriculum Vitae and letter describing interests and experience to Merit E. Cudkowicz, MD, MSc & Andrew J. Cole, MD at MGHNeurologySearch@partners.org

We are an equal opportunity employer, and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, gender identity, sexual orientation, pregnancy and pregnancy-related conditions or any other characteristic protected by law. People with disabilities, women, members of underrepresented minority groups, and veterans are strongly encouraged to apply.
