

Title: Chief, Division of Pediatric Hospital Medicine
Department: Pediatrics
Institute: Mass General for Children

Contact: Ariel Frey-Vogel, MD, MAT
Address: 175 Cambridge St, Room 587
City: Boston
State: MA
Country: USA
Zip: 02114
Phone: 617-724-1690
Email: afrey@mgh.harvard.edu

Number of Positions Available: 1
Date Available: 1/1/2024

Comments: Mass General for Children (MGfC) is recruiting a dynamic Chief of the Division of Pediatric Hospital Medicine with a strong academic and clinical reputation as well as a proven record of accomplishment leading interprofessional teams. The position includes an appointment at Harvard Medical School commensurate to the applicant's level of experience and is open to applicants at the Assistant or Associate Professor level.

The Chief will oversee an active clinical service of pediatric hospitalists at MGfC and work within the evolving network of its affiliated sites as the network grows and expands over time. We expect this person to work clinically on the MGfC pediatric inpatient service. The candidate will be responsible for overseeing the academic, clinical, and training missions of the Division of Pediatric Hospital Medicine and will promote the academic and professional development of the faculty within the Pediatric Hospital Medicine Division. As pediatric trainees from the MGfC Pediatric Residency Program and Harvard Medical School spend a significant portion of their training on the pediatric inpatient service at MGfC, the candidate must be committed to the education of our learners. MGfC is committed to ensuring that everyone in our community feels welcomed, cared for, and valued. Candidates who have experience working with a diverse range of faculty, staff, and patients, and who can contribute to the climate of inclusivity, are encouraged to identify their experiences in these areas.

The candidate must be board-certified in Pediatrics and ideally will be boarded in Pediatric Hospital Medicine.

Interested applicants should contact: Ariel Frey-Vogel, MD, MAT, Director of the Pediatric Education, Innovation, and Research Center and Associate Program Director for the Pediatric Residency, Mass General for Children, at (617) 724-1690, or by email at: afrey@mgh.harvard.edu.

We are an equal opportunity employer, and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability status, protected veteran status, or any other characteristic protected by law.
