

# Chief of Cardiology, BID-Needham Hospital

The Cardiovascular Institute and the Division of Cardiovascular Medicine in the Department of Medicine at Beth Israel Deaconess Medical Center (BIDMC) are seeking candidates for a faculty position as the Chief of Cardiology for Beth Israel Deaconess Hospital-Needham. All applicants must be board certified or eligible in Cardiology, as well as eligible for Commonwealth of Massachusetts medical licensure. Level 3 training in echocardiography preferred. A part-time academic teaching appointment at the level of Instructor, Assistant, or Associate Professor at Harvard Medical School (HMS) may be commensurate with experience.

Responsibilities will include developing a busy outpatient consultative practice, providing in hospital consultations at our Needham campus, attending on the cardiology inpatient or consult services in both Boston and Needham, and reading echocardiograms and supervising exercise testing. The candidate will represent Cardiology in interactions with hospital administration and other hospital services (ER, ICU, hospitalist program, etc). You will be supervising five to six other general cardiologists and a part-time electrophysiologist. We anticipate opportunities for participating in the cardiology teaching program at the BIDMC campus in Boston.

This role is an employment model position in the Harvard Medical Faculty Physicians at Beth Israel Deaconess Medical Center, Inc. (HMFP). Please apply online at [www.hmfphysicians.org](http://www.hmfphysicians.org) to requisition #R0607. If submitting a cover letter, please upload it as one document with your current curriculum vitae. Cover letters may be addressed to Robert E. Gerszten, M.D., Chief, Cardiovascular Medicine Division.

We are an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, gender identity, sexual orientation, pregnancy and pregnancy-related conditions or any other characteristic protected by law.
