

**MASSACHUSETTS GENERAL HOSPITAL  
DIVISION OF VASCULAR AND ENDOVASCULAR SURGERY  
VASCULAR AND ENDOVASCULAR SURGEON**

The Massachusetts General Hospital's Division of Vascular and Endovascular Surgery (DVEVS), in conjunction with our affiliated site Salem Hospital, is seeking a Vascular and Endovascular Surgeon. Reporting to the Chief of Mass General's DVEVS, the successful candidate will be responsible for clinical care, clinical research and teaching at MGH and Salem Hospital.

Board certification or eligibility in Vascular Surgery is required. The ideal candidate should rank at the top of a peer group in academic vascular and endovascular surgery and possess academic credentials to support an appointment at the Assistant or Associate Professor (part-time) level at Harvard Medical School.

Mass General, a leading medical center located in the heart of Boston, is consistently ranked among the top hospitals in America. It is the original and largest teaching hospital of Harvard Medical School, where nearly all our staff physicians serve on the faculty. Mass General trains the next generation of medical and scientific leaders and conducts the largest hospital-based research program in the United States.

Salem Hospital is the largest health care provider on the North Shore, offering exceptional medical and surgical care, innovative advances and a deep-rooted commitment to the community. The clinical partnerships with Massachusetts General Hospital enable Salem Hospital to bring world-class health care to local patients and families, while remaining true to our commitment to quality, safety, and kindness.

The Vascular Center at Salem Hospital integrates [vascular surgery](#), [interventional radiology](#) and [interventional cardiology](#) in a single coordinated service. Conditions treated include aneurysm, abdominal aortic aneurysm, cerebral aneurysm, thoracic aortic aneurysm, claudication, [peripheral vascular disease](#), pulmonary embolism, Raynaud's phenomenon, renal vascular disease and vascular disease.

Mass General Brigham is committed to delivering the most advanced and compassionate care, pushing the boundaries of medicine, educating the next generation of care providers and researchers, and making a difference in the health of the communities we serve – locally and around the world.

Interested candidates should submit a letter of application and curriculum vitae to:

Matthew J. Eagleton, MD  
Chief, Division of Vascular and Endovascular Surgery  
Massachusetts General Hospital  
55 Fruit Street, WACC440  
Boston MA 02114
