

**Chair
Department of Surgery
Mount Auburn Hospital**

Mount Auburn Hospital, a Harvard Medical School-affiliated regional teaching hospital serving the greater metropolitan Boston-Cambridge area, is seeking an outstanding leader, clinician, and teacher for the position of Chair of the Department of Surgery.

Leading a Department of more than 200 professionals including an exceptionally talented faculty of surgeons and physicians' assistants, the Chair directs Mount Auburn's surgical services in a primary market serving 12 communities including numerous schools and colleges. The Department performs approximately 9,000 inpatient and outpatient procedures annually and provides comprehensive general and sub-specialty surgical services within a collaborative teaching hospital environment. The Hospital is a founding member of Beth Israel Lahey Health (BILH), a \$5.5B, 14-hospital healthcare system serving eastern Massachusetts from all state and federal regulatory agencies and began joint operations on March 1, 2019.

The Department is well known for its deep commitment to medical education and the Chair oversees surgical and gynecology residents rotating from the Harvard- Beth Israel Deaconess Medical Center program. The Hospital is distinguished by a full spectrum of tertiary services including critical care with a pulmonary/critical care intensivist team along with nationally recognized cardiology and cardiothoracic surgical programs. Academically the Hospital is distinguished with an ACGME-accredited residency in medicine and radiology with rotating residents from within the Harvard system in numerous specialties providing a rich learning environment for all residents, students, and learners. Surgeons in many specialties have achieved teaching appointments and engage in faculty research and related publications. Mount Auburn's medical staff is recognized nationally for their expertise in managed care and risk-based contracting with participation in numerous commercial and governmental contracts including the Medicare Shared Savings and Medicare Advantage programs.

Salary and academic appointment at the Assistant Professor or Associate Professor level at Harvard Medical School will be commensurate with experience and qualifications.

Board certification in surgery is required. The successful candidate will have an exceptional track record of academic and administrative accomplishment including a strong commitment to excellence, clinical quality, and patient safety along with the ability to grow and sustain a culture of collaboration, teamwork, and achievement.

All inquiries and applications will be held in the strictest confidence. Mount Auburn Hospital is an Equal Opportunity Employer and women and minority candidates are strongly encouraged to apply. Written nominations, applications, or expressions of interest should be submitted to: Chair, Department of Surgery Search Committee, c/o Riki MacKillop, Director of Operations Management, 330 Mount Auburn Street, Cambridge, MA 02138 rmackill@mah.org

We are an Equal Opportunity Employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, gender identity, sexual orientation, pregnancy and pregnancy-related conditions, or any other characteristic protected by law.
