

Musculoskeletal Radiologist Harvard Medical Faculty Physicians at Beth Israel Deaconess Medical Center

The Department of Radiology at Beth Israel Deaconess Medical Center, a major teaching hospital of Harvard Medical School, is seeking an enthusiastic, highly motivated, radiologist to join the Division of Musculoskeletal (MSK) Imaging and Intervention. The successful candidate will be appointed to an academic rank at Harvard Medical School (Instructor/Assistant Professor/Associate Professor) commensurate with experience, training and achievements.

The candidate must be ABR-certified (or eligible) in diagnostic radiology and eligible to practice in the state of Massachusetts. Fellowship training in musculoskeletal imaging is highly desirable. Our MSK division is responsible for all aspects of musculoskeletal radiology, including radiography, CT, MRI, ultrasound, bone densitometry and musculoskeletal interventions. The MSK section is responsible for over 70,000 studies each year, performed at a network of academic and community sites linked via a PACS network. Currently, the Department has 11 MR scanners (including 1.5T and 3.0T GE research scanners) and 7 state-of-the-art CT scanners. The candidate is expected to have expertise in performing image-guided procedures (bone and soft tissue biopsies, pain injections, and arthrocentesis) using CT, fluoroscopy, and ultrasound.

It is expected that the candidate will participate fully in the clinical, teaching, and research responsibilities of the division. The teaching program includes two MSK fellows each year and a residency program of forty residents. Moreover, one-third of the Harvard medical students rotate on the MSK service. There is a large and comprehensive Orthopedics Department which includes an active orthopedic oncology, sports medicine, and orthopedic biomechanics groups that collaborate in joint research programs. We have additional research collaborations with other departments (internal medicine, neurology, podiatry) and institutions.

Interested applicants should email cover letter and CV to abaxter@bidmc.harvard.edu. For more information, please contact Ms. Andrea Baxter, Executive Assistant to the Chair, Department of Radiology; abaxter@bidmc.harvard.edu, 617-754-2519. For information about our medical center and department, please visit: <https://www.bidmc.org/centers-and-departments/radiology>.

We are an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, gender identity, sexual orientation, pregnancy and pregnancy-related conditions or any other characteristic protected by law.
