

MASSACHUSETTS
GENERAL HOSPITAL

Orthopaedic Trauma Surgeon

Massachusetts General Hospital is seeking a BE/BC, fellowship-trained orthopaedic trauma surgeon with interest and expertise in orthopaedic trauma. Affiliated with Harvard Medical School the candidate will join a well-established and busy orthopaedic trauma service at the Instructor, Assistant Professor, or Associate Professor level. Together with colleagues, the candidate will be responsible for the overall clinical care of orthopaedic trauma and fracture patients both as inpatients and outpatients. The candidate will spend time at both an academic setting (Level One Trauma Center) and possibly at a community setting. The position could include development and coverage of orthopaedic trauma line at affiliated hospitals within the Mass General Brigham system.

Candidates with interests or skills in developing subspecialty practices such as arthroplasty, periprosthetic fractures, cold trauma (nonunion, malunion, osteomyelitis), and spinal frame are encouraged.

As such the candidate should have a MD or DO degree, a minimum of one-year fellowship training in Orthopaedic Traumatology, must be eligible for a Massachusetts medical license, and have ATLS Certification. Given the vision and mission of MGH Orthopaedics and the academic level of the department, the candidate should have an established commitment to education, research, and a personal career development plan. The candidate will be expected to be a collegial member of our faculty and fulfill the academic aims of the department.

Interested, qualified candidates should send a letter of interest and curriculum vitae to:

Thuan V. Ly, MD
Chief, Division of Orthopaedic Trauma
Massachusetts General Hospital
Yawkey Center for Outpatient Care
55 Fruit Street, Suite 3600
Boston, MA 02114
