

## **Abdominal Radiologist**

Harvard Medical Faculty Physicians (HMFP) at Beth Israel Deaconess Medical Center (BIDMC)

The Department of Radiology at **Beth Israel Deaconess Medical Center**, a **Harvard Medical School affiliate**, is seeking candidates to join our Abdominal Imaging and Interventions Section. This section has a longstanding history of scholarship and innovation in MRI, CT, ultrasound and image-guided procedures. We are seeking an individual who is looking to continue to drive the research, education, and clinical operations by joining our highly collaborative and collegial group.

The Abdominal Imaging and Interventions section has 15 dedicated faculty members, an ACGME-accredited fellowship with 6 ACGME abdominal fellows and 2 dedicated body MRI fellows per year, and 4 advanced practitioners. Hospital-based facilities span two main campuses that are within a 5 minute-walk of each other in the Longwood Medical area in the heart of Boston and include 7 clinical MRI scanners, 44 clinical ultrasound machines, 12 CTs, and 2 procedural CT suites. A strong MRI research division utilizes 3T research MRI scanner and small animal MRI scanner and works closely with clinical faculty in the department. Translational MRI and clinical CT and MRI research, quality and safety, healthcare outcomes research, AI are current research endeavors of the Section. The section treasures its close collaborative relationships with referring services.

BIDMC is a major Harvard Medical School-affiliated teaching hospital with 649 beds, a Level I trauma center, and multi-specialty clinical programs, including renowned pancreatobiliary and gynecologic practices, liver transplantation center, specialized IBD clinic, an advanced urology department, and an NCI-designated Cancer Center. Candidates should be excited to work in an academic environment and committed to teaching medical students, residents, and fellows.

Candidates for this position must be board-eligible/board-certified in diagnostic radiology and be eligible for licensure in the Commonwealth of Massachusetts. Fellowship training in abdominal imaging or an equivalent is required. Candidates should be eligible for appointment at the Instructor, Assistant or Associate Professor level at Harvard Medical School; salary and academic rank will be commensurate with qualifications and experience.

Interested applicants should email CV and cover letter to [abaxter@bidmc.harvard.edu](mailto:abaxter@bidmc.harvard.edu). For further information, please contact Andrea Baxter, Executive Assistant to the Chairman at [abaxter@bidmc.harvard.edu](mailto:abaxter@bidmc.harvard.edu) or Dr. Olga Brook, Section Chief of Abdominal Imaging and Interventions at [obrook@bidmc.harvard.edu](mailto:obrook@bidmc.harvard.edu).

***We are an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, gender identity, sexual orientation, pregnancy and pregnancy-related conditions or any other characteristic protected by law.***
