

**Brigham and Women's Hospital, Department of Radiology –  
Division of Musculoskeletal Imaging and Intervention**

The Department of Radiology at Brigham and Women's Hospital, Harvard Medical School, in Boston, MA, is seeking to fill 2 full-time faculty positions in the Division of Musculoskeletal Imaging and Intervention. The position involves clinical, teaching and research activities, including training of radiology residents and 7 musculoskeletal imaging fellows. Experience in interventional musculoskeletal procedures, including spine ESI/biopsy, and diagnostic and interventional MSK ultrasound is desirable. The department is equipped with state-of-the-art MRI (including clinical 7T MRI), CT (DECT), PET/CT, ultrasound, and fluoroscopy equipment. Candidates for this position must be Board certified in Diagnostic Radiology and possess fellowship training and documented expertise in musculoskeletal imaging. Academic rank of Instructor, Assistant or Associate Professor. Salary will be commensurate with experience.

Please send curriculum vitae and a cover letter to: Stacy E. Smith, MD, Director of Musculoskeletal Imaging and Intervention, Department of Radiology, Brigham and Women's Hospital, 75 Francis Street, Boston, MA 02115, or via email to [ssmith@bwh.harvard.edu](mailto:ssmith@bwh.harvard.edu).

Brigham and Women's Hospital/Harvard Medical School is an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, gender identity, sexual orientation, pregnancy and pregnancy-related conditions or any other characteristic protected by law. Brigham Health and the Department of Radiology are committed to ensuring our diverse community feels welcome, cared for, and valued. Candidates who have experience working with a diverse range of faculty, staff and patients, and who can contribute to the climate of inclusivity are encouraged to identify their experiences in these areas.
