

## **Brigham and Women's Hospital, Department of Radiology Division Chief, Abdominal Imaging & Intervention**

The Department of Radiology at Brigham and Women's Hospital (BWH), Harvard Medical School is searching for a new Full-Time Division Chief of Abdominal Imaging & Intervention (AI). The Division Chief will oversee a large division of academic faculty, providing comprehensive abdominal imaging and intervention services at BWH. The main department on main campus is equipped with state-of-the-art MR (including a 7.0T magnet), CT, PET/CT, ultrasound, fluoroscopy, and an advanced IR/OR suite that houses interventional MRI and PET/CT scanners. Cross-sectional interventional radiology procedures include tissue biopsies, catheter drainages, and tumor ablations. BWH Abdominal Imaging and Intervention division has 40 faculty with a wide range of experience and expertise and an ACGME-accredited fellowship program with 12 clinical fellows. Responsibilities include oversight and supervision of the educational programs in abdominal radiology at BWH, including teaching of medical students and training radiology residents and fellows. There are excellent research opportunities, as well as robust opportunities in leadership and administrative development in the Harvard system. Candidates should have a record of clinical and academic achievement, as well as managerial experience and interest. Academic rank is anticipated to be at Associate Professor level.

Located in the thriving Boston metropolis, The Department of Radiology at BWH is a member of Mass General Brigham Integrated Healthcare system, comprised of 2 renowned academic medical centers and 10 specialty and community hospitals. It has connections to biotech and the broad scientific community within Harvard Medical School and Massachusetts Institute of Technology, providing ample opportunities for innovative research and teaching. Additional benefits to living in this vibrant, resourceful and culture-rich environment include excellent public-school systems, easy access to both the ocean and the mountains, and at-home workstations to support work-life balance. The department has a robust education and research portfolio including 42 residents and 65 subspecialty fellows. In addition, the department offers 20% protected research/education time (one day per week).

Brigham Health and the BWH Department of Radiology is committed to ensuring our diverse community feels welcome, cared for, and valued. Candidates who have experience working with diverse range of faculty, staff and patients, and who can contribute to the climate of inclusivity are encouraged to identify their experiences in these areas. We are an equal opportunity employer, and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, gender identity, sexual orientation, pregnancy and pregnancy-related conditions or any other characteristic protected by law.

Interested individuals should send a cover letter and a CV by email to:

Fiona Fennessy, MD, PhD
